

Plastic Control Knobs

- Durable high strength plastic 6N
- Revolving handle
- Low carbon zinc-plated steel hub
- ID tolerance: 8.1mm +0 -.1

PART #	Dia.	Overall Hgt.	Knob Hgt.	Base Dia.	ID	Set Screw
CK-101	60mm	60mm	30mm	16mm	8.1	M5 x 0.8

Steel Clamping Handles with reamed hole

- Reamed hole
- Available in 3 styles....

Single side offset, Double side offset, Double side straight

- Low carbon steel, black oxide finish
- Solid steel hub on select sizes allows for custom machining
- Black plastic balls
- Double straight design can be adjusted for additional leverage by loosening the set screw and sliding the handle to one side.
